## Tunstall's ORATIONS OF CICERO

"The best working edition of Cicero's Orations that we now have", says the head master of a leading classical school.—"The most useful and practical school edition of this author that I have seen" is the word from another secondary school of high rank.

The text of each speech is broken into paragraphs, and a running argument showing the trend of the thought inserted at the breaks. This is one feature. The judicious annotation evidences the scholarly and practical teacher.
